

Looking for a Doctor for your prenatal care?

The Maternity Care Clinic is currently accepting new prenatal patients for:

Centering Pregnancy

An exciting way for you to get prenatal care!

A Maternity Care Clinic doctor and a prenatal educator meet with a group of women whose babies are all due near the same time. In these two-hour sessions, you will receive regular prenatal care as well as a prenatal class. You start by meeting once a month and then twice a month as you get closer to your due date. Your partner or support person is also welcome to attend.

Why try Centering Pregnancy?

- Prenatal and delivery care from a team of female doctors
- 2 hours of time with the doctor and prenatal educator
- Free prenatal classes
- An opportunity to meet and share with women who will have a baby at the same time as you
- No waiting in the office because each Centering Pregnancy group starts and ends on time!

For more information or to register, please call the Maternity Care Clinic at:
